The Senior Class Presents

THE 1972 AQUILAN

ST. PETER'S HIGH SCHOOL

200 Clinton Avenue

Staten Island, N. Y. 10301

DEDICATION

St. Peter's has a spirit of which no other school can boast. One teacher, Mr. A. Accardo, is a strong influence in placing this spirit within the students of St. Peter's. He has gone out of his way to make our school great. As students in St. Peter's, it is impossible to know this man only by his name, we have in many ways experienced the things that make this man great.

Short in stature but tall in character he has provided many hours of laughter on the stage as a memorable Oscar in "The Odd Couple", Ensign Pullver in "Mr. Roberts", and as Stosh in "Stalag

17". In the classroom the past becomes alive and meaningful with each enthralling lecture.

A graduate of St. Peter's High School and St. Peter's College, he has been on the faculty for 10 years. The History Department has experienced many innovations under his chairmanship. Held in high esteem by the students, faculty, and administration, Mr. Accardo has cultivated a friendship here at St. Peter's that will be long remembered.

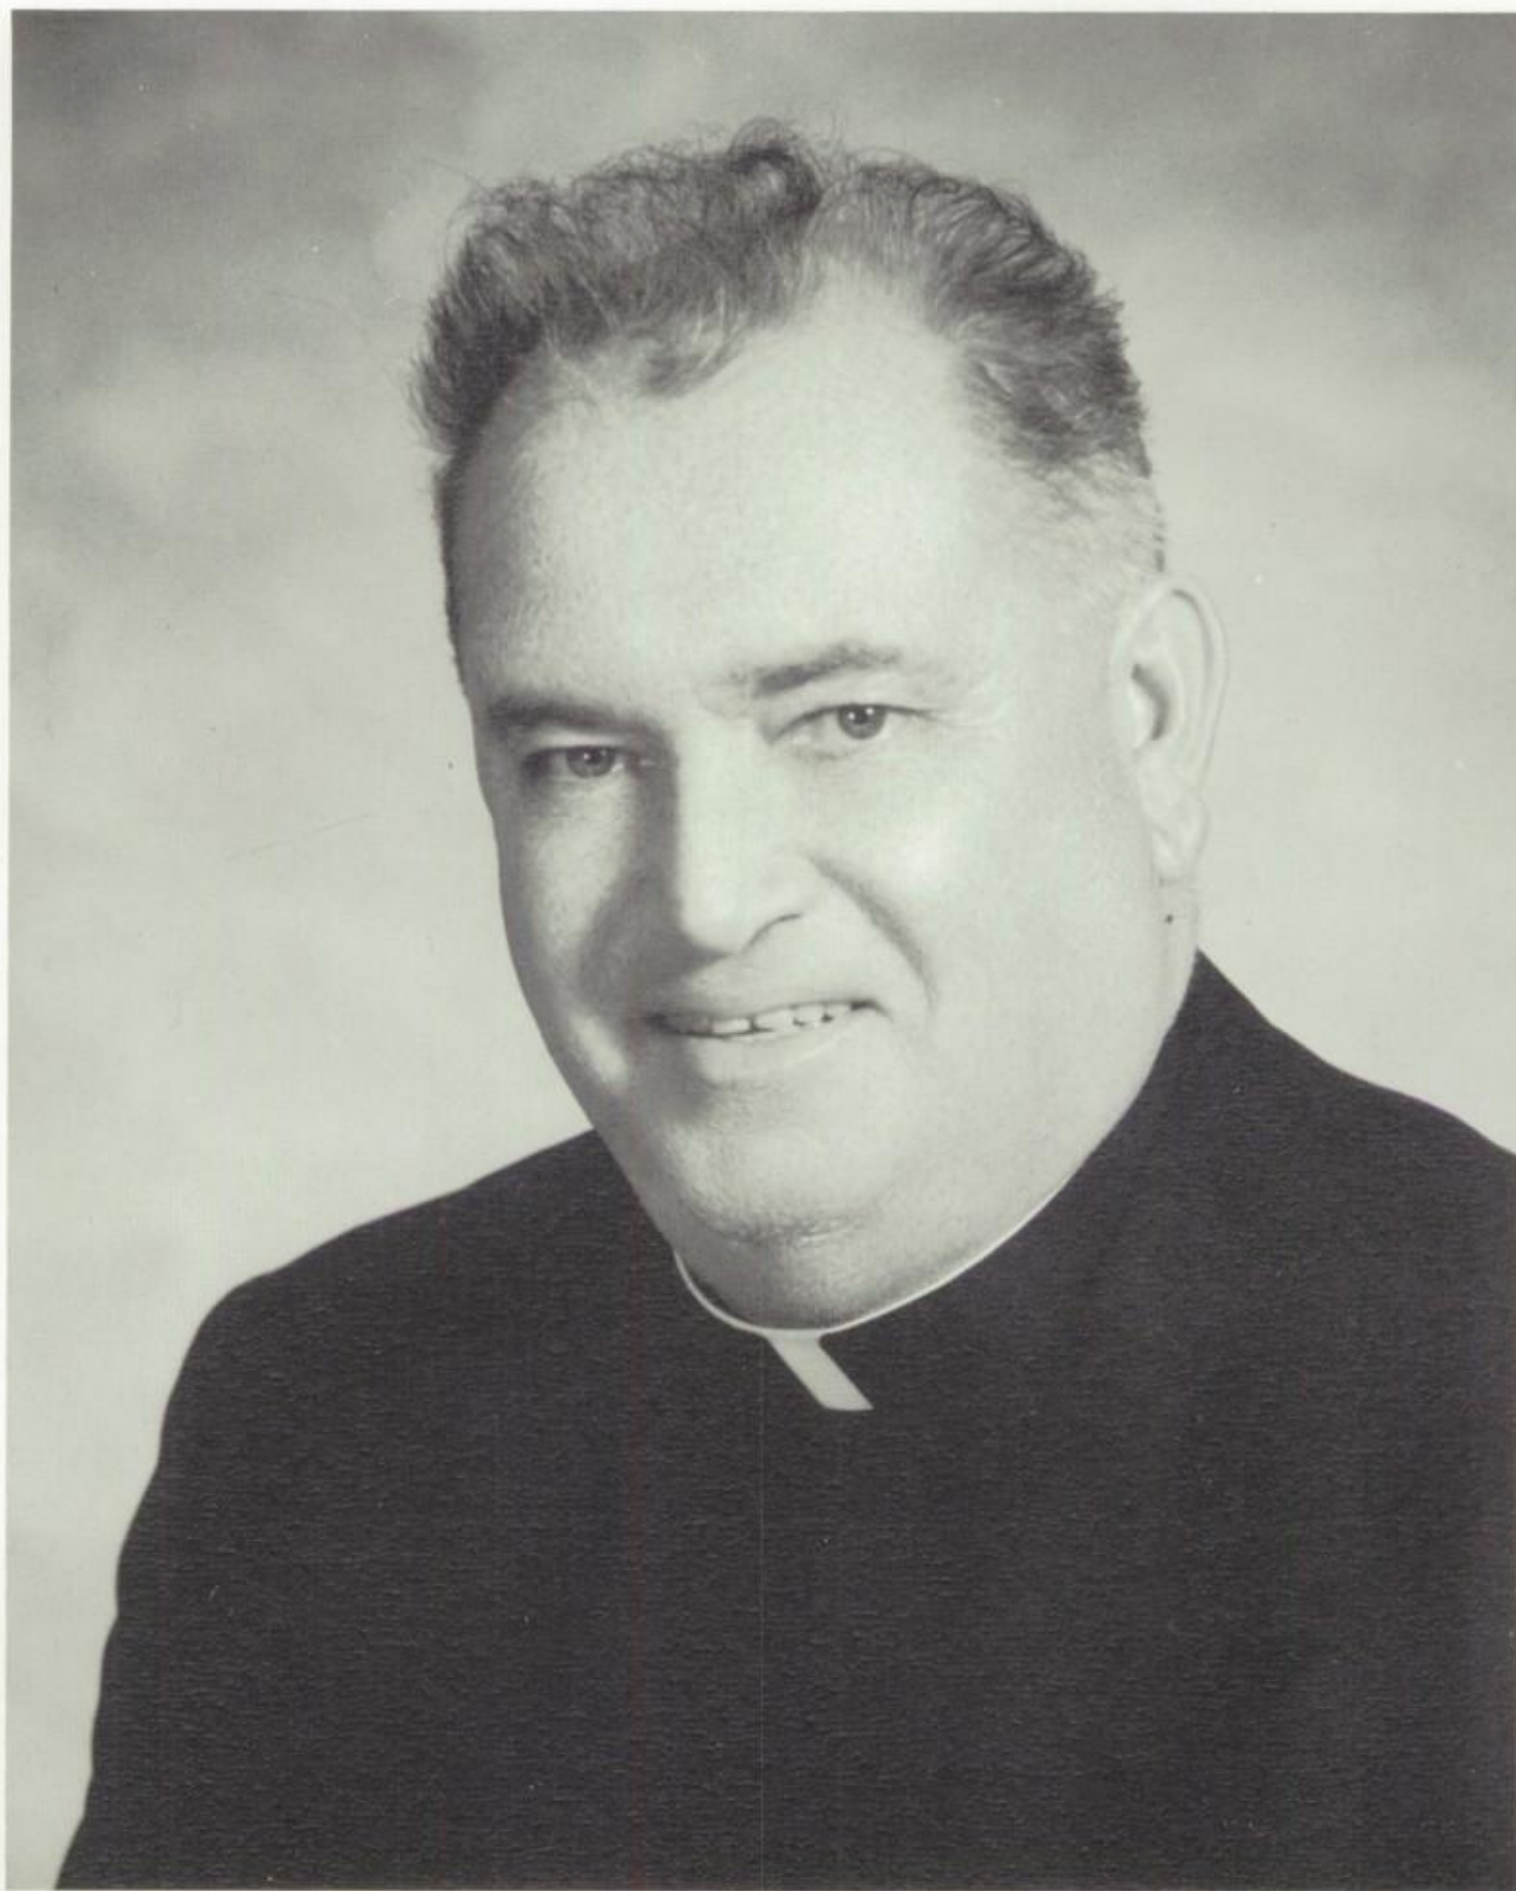

It is with this in mind that we, the Seniors of the class of 1972, do hereby with great pride, respect and thanks, dedicate our yearbook to Mr. A. Accardo.

ACTIVITIES

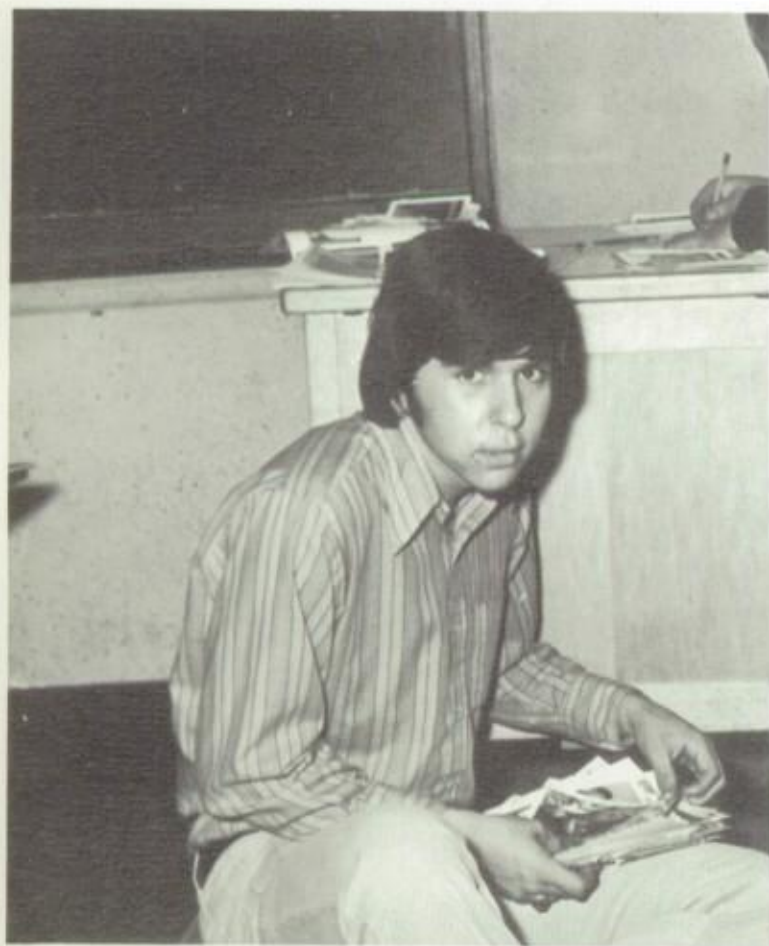

THE AQUILAN

In the 55th issue of the Aquilan, we have attempted to create a living remembrance of our years at St. Peter's. It wouldn't seem worthwhile if we offered anything but that pride which makes St. Peter's great.

GLEE CLUB

The Glee Club has in the last two years presented us with four successful concerts. First was the annual CHRISTMAS FESTIVAL of 1971, presenting the St. Peter's Glee Club and The Seton Chorale of St. Peter's High School for Girls. Another "MISS MELODY OF 1971" was crowned and she was Miss Rosemary DiPersia.

In Spring of 1971, the Twenty-fourth Annual Spring Concert of the Glee Club was highlighted by "Homage to the All-American Girl" and featured many beautiful young women of the Girls' High School in a musical salute to their first names.

As we go to press, another Christmas Festival saw the crowning of Miss Janice Rowan, '72 as "MISS MELODY OF 1972", and our boys are busily engaged in the Twenty-fifth Annual Spring Concert of the Glee Club featuring "Great Musical Moments of the Past".

The success of these concerts can be attributed to the knowledge and experience of Carl William Lesch, director and producer of all St. Peter's musical productions, and all of the many students who work with him backstage and in front of the footlights.

STUDENT COUNCIL

Brother Robert
Moderator

After radical changes in the Student Council over the past few years, this year's Student Council has been most productive under the leadership of Pete Petrigno, President of the Student Council, and Moderator Brother Robert. The major goal was to bring the Council back to the Student Body. Although the Administration has the final say in most of the Student Council organizations, there have been many effective compromises, giving the Council more flexibility than ever before. The results of this cooperation are witnessed in the many accomplishments of this year's Student Council.

The threat of a boycott on the Canteen Corporation won for the Student body a lowering of prices in some food items, a larger variety of foods, and the addition of a hot food unit. The Council has also stimulated the organization and revival of many of the school clubs, including the re-birth of the St. Peter's Dance.

Hopefully, because of the efforts of this year's Student Council, the Student government will grow in effectiveness and, being fully supported by the students, continue to be a vital part of St. Peter's.

SENIOR OFFICERS: Jim Moroney, Treas., P. Petrigno, Pres., J. Mulligan, V.Pres., B. Greco, Sec.

SENIOR COUNCILORS: J. Thompson, H. Bombardi, J. Ficarra, J. Hurley, R. Kilar, P. Kozma, P. DiGiulio, J. Clark.

JUNIOR COUNCILORS: R. Elia, J. Hotchkiss, J. Delucia, T. Reily, T. Downing.

SOPHOMORE COUNCILORS: F. Lueffer, M. Shimrock, D. Silletti, J. Ricciardi, G. Foley, J. Markowski, R. Clark, T. Ferrie, R. Sanna.

THE EAGLE 1971-1972

Variety was accomplished with the Eagle Crew of 1971-1972. This goal was set as "The Eagle" outstretched its wings inviting new members and discovering a reliable printer (School Publications) by the faculty advisor, Mr. Bruce Walsh. Membership dwindled, however, but, with a small staff and a strong hand of editors, who strived to accomplish variety and institute journalistic quality—a highly structured paper was produced.

With "The Eagle" emblem, edited by Rob Infantino; to the last page portrayal of superstars, edited by Steve Regnault; quality was a realization. Enjoyment was the result from feature articles edited by Dom LaGotta and John Ficarra. "Pictures tell a thousand words" as variety was prophesied with the pictorial direction of Mike Grasso.

Each edition was dealt with seriously by an organization which proved itself valuable in the paper's continual growth of editorials. "The Eagle's" director of variety was Bill Englert who assuredly claimed participation in the paper as "a journalistic jolt". "Without student interest", said the Editor-in-Chief, 'The Eagle' would be a one man job".

"I think we need a little organization."

ECOLOGY CLUB

In its second year of existence, the Ecology Club has re-organized itself in hopes of becoming a vital activity in the school.

Founded by Mr. Jeff Alpert as an educational organization in 1971, the Ecology Club has taken a new direction and attempted to implement more practical goals in 1972 like clean-up and bicycle campaigns, re-cycling movements and camping trips.

The reconstructing of the club, under the guidance of Mr. Rybicki and Mr. Stawitz, has created four distinct divisions: regular activities with Bob Triona as leader; special events with Tim Ferrie; projects and trips with Joe Wicket; and speakers with Bob Fischer. Presently, there are 40 members in the Ecology Club. The club seems promising as an activity in St. Peter's.

HELLO, DOLLY!

The year 1970-1971 saw the successful production of three music department events, each of which was produced and directed by Carl William Lesch.

The Gala Spring Musical of the school was another Staten Island "first" for St. Peter's Boys—a lavish musical production of "Hello Dolly!"—and it was a huge success. Almost 7,000 persons attended an eight performance run.

A dazzling revival of that colorful COHAN musical "GEORGE M!" is the Spring production—photos of which will appear in the 1973 Aquilan. Another eight performance run this May will highlight and conclude music and theatre in St. Peter's High School for Boys, Staten Island.

In both productions, the students of St. Peter's showed acting abilities that are beyond those expected of a high school production.

The Public Address Staff, an organization unique to St. Peter's, has grown over the years to be the efficient Staff which it is today. The Public Address Staff was started in 1968, when its first major production was "Annie Get Your Gun". Since then the Public Address Staff has grown from one member to the present Staff of six. Although still not yet known to many students the Staff has been noticed more and more each year.

Among the many activities of the Staff are: Parents Club Meetings, Basketball Announcing, Glee Club Concerts, School Plays and Musical Productions, as well as most major functions held in the gymnasium.

THE BOOKSTORE

The St. Peter's Bookstore has managed to keep an open-door policy to the students through a staff of five seniors and five underclassmen. Much of the hard work done by the staff goes unnoticed by the students. Yet there is much satisfaction gained by the ten man staff. Moderator Mr. John Fodera and Manager Bill Englert try to keep a very pleasant policy to both faculty and student.

DRAMATICS SOCIETY

Mr. John Sullivan
Moderator

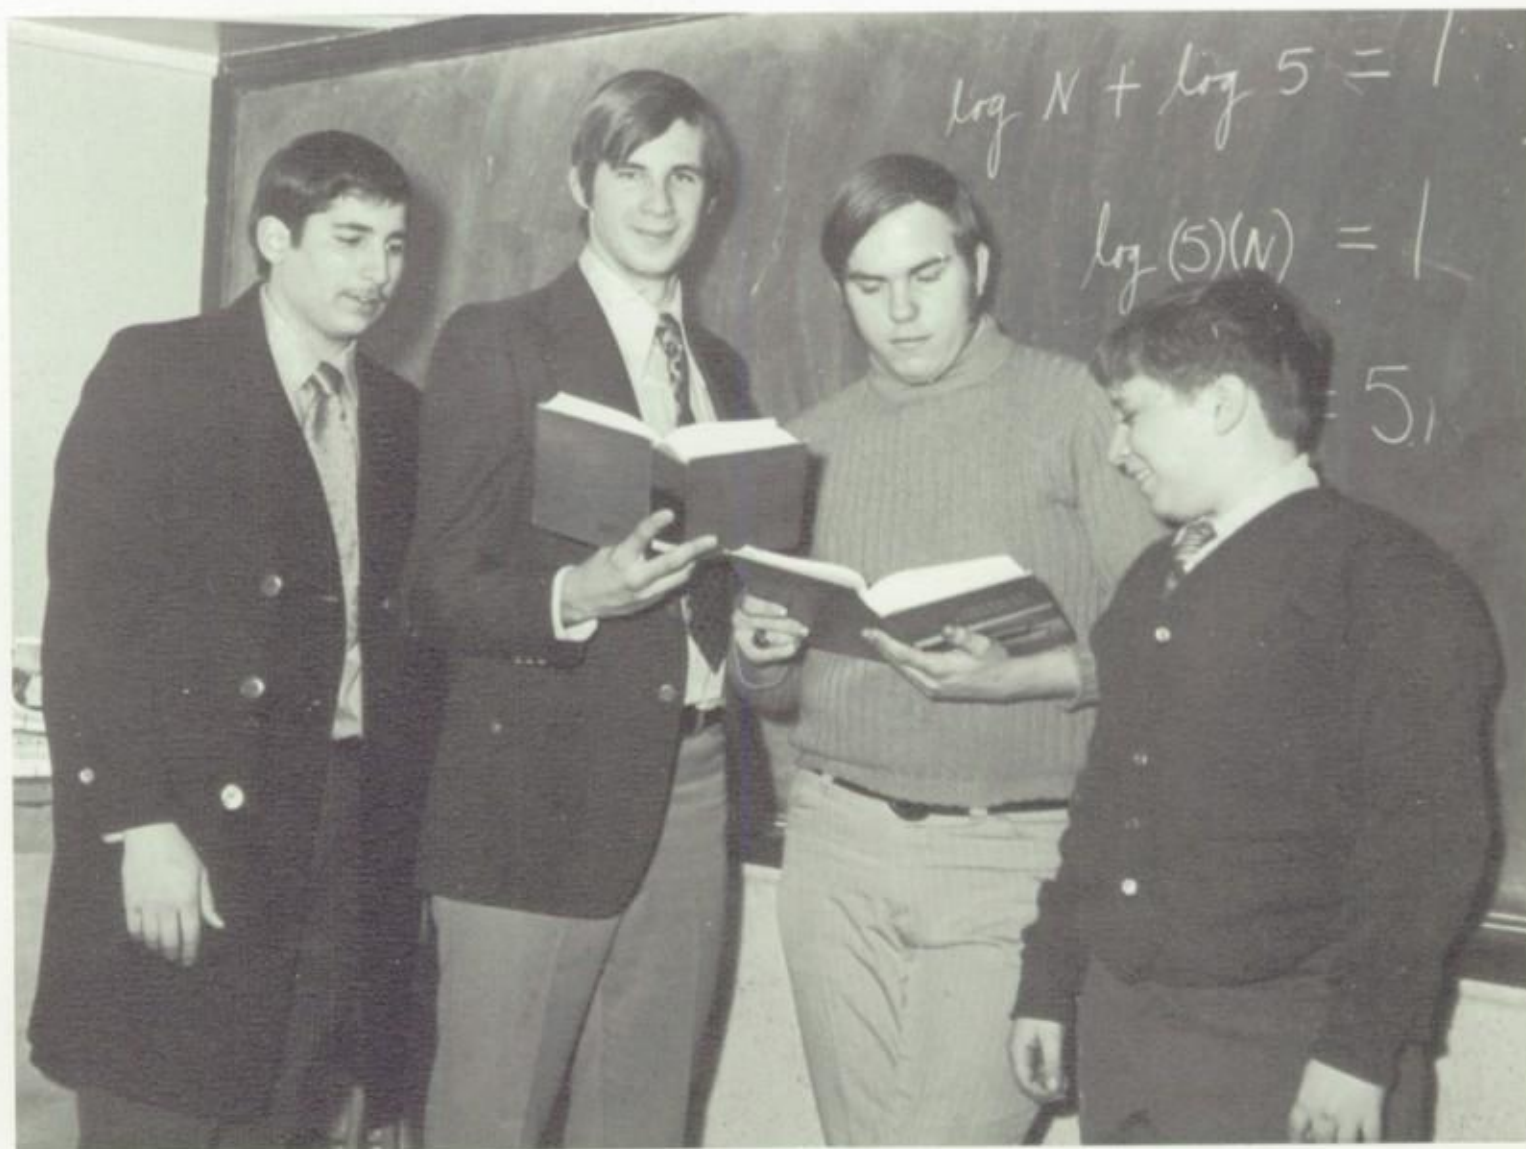

The Dramatics Society was revived during 1972 largely through the efforts of moderator Mr. John Sullivan and students Dom Lagotta and Jim Stapleton. This is the first active drama club since Mr. Siller's of 1970 in which the play "Romeo and Juliet" was produced. It was revived because of a need the students found for an understanding of the techniques and emotions involved in acting.

The club is directed in such a way that the skills in dramatics could be learned and developed. In this way, plays could be produced chiefly for the enjoyment and experience that would be derived from producing them. The Dramatic Society has hopes of producing such a play within the next year.

SILVER JUBILEE CELEBRATION

Brother Brendan Owen McPharland will be celebrating his twenty-fifth anniversary as a brother of Christian Schools this year. In 1946, he began teaching as a novitiate at St. Joseph's, Barrytown, N.Y. He later taught as a scholastic at Della Salle College and continued to teach at LaSalle School, Christian Brothers Academy, LaSalle Academy, LaSalle Institute, Lincoln Hall, and, of course, St. Peter's Boy's High School.

Brother Owen has been teaching at St. Peter's since 1964 as a mathematics and religion teacher. He has brought to St. Peter's his experience as a mathematics teacher and more than that, he has brought and presented the necessary inspiration for students to learn. His largest innovation to the school has been the teaching of Computer Programming. Brother Owen has, in his years teaching at St. Peter's, given us "more" than our "money's worth".

... and so another student logs on to the computer ,and, hopefully, man dominates the machine!

St. Peter's made this significant step forward in September 1969 when a course in Computer Programming was introduced as a Senior elective. This is now the third year that this subject is offered. The program is exclusively directed by Br. Brendan.

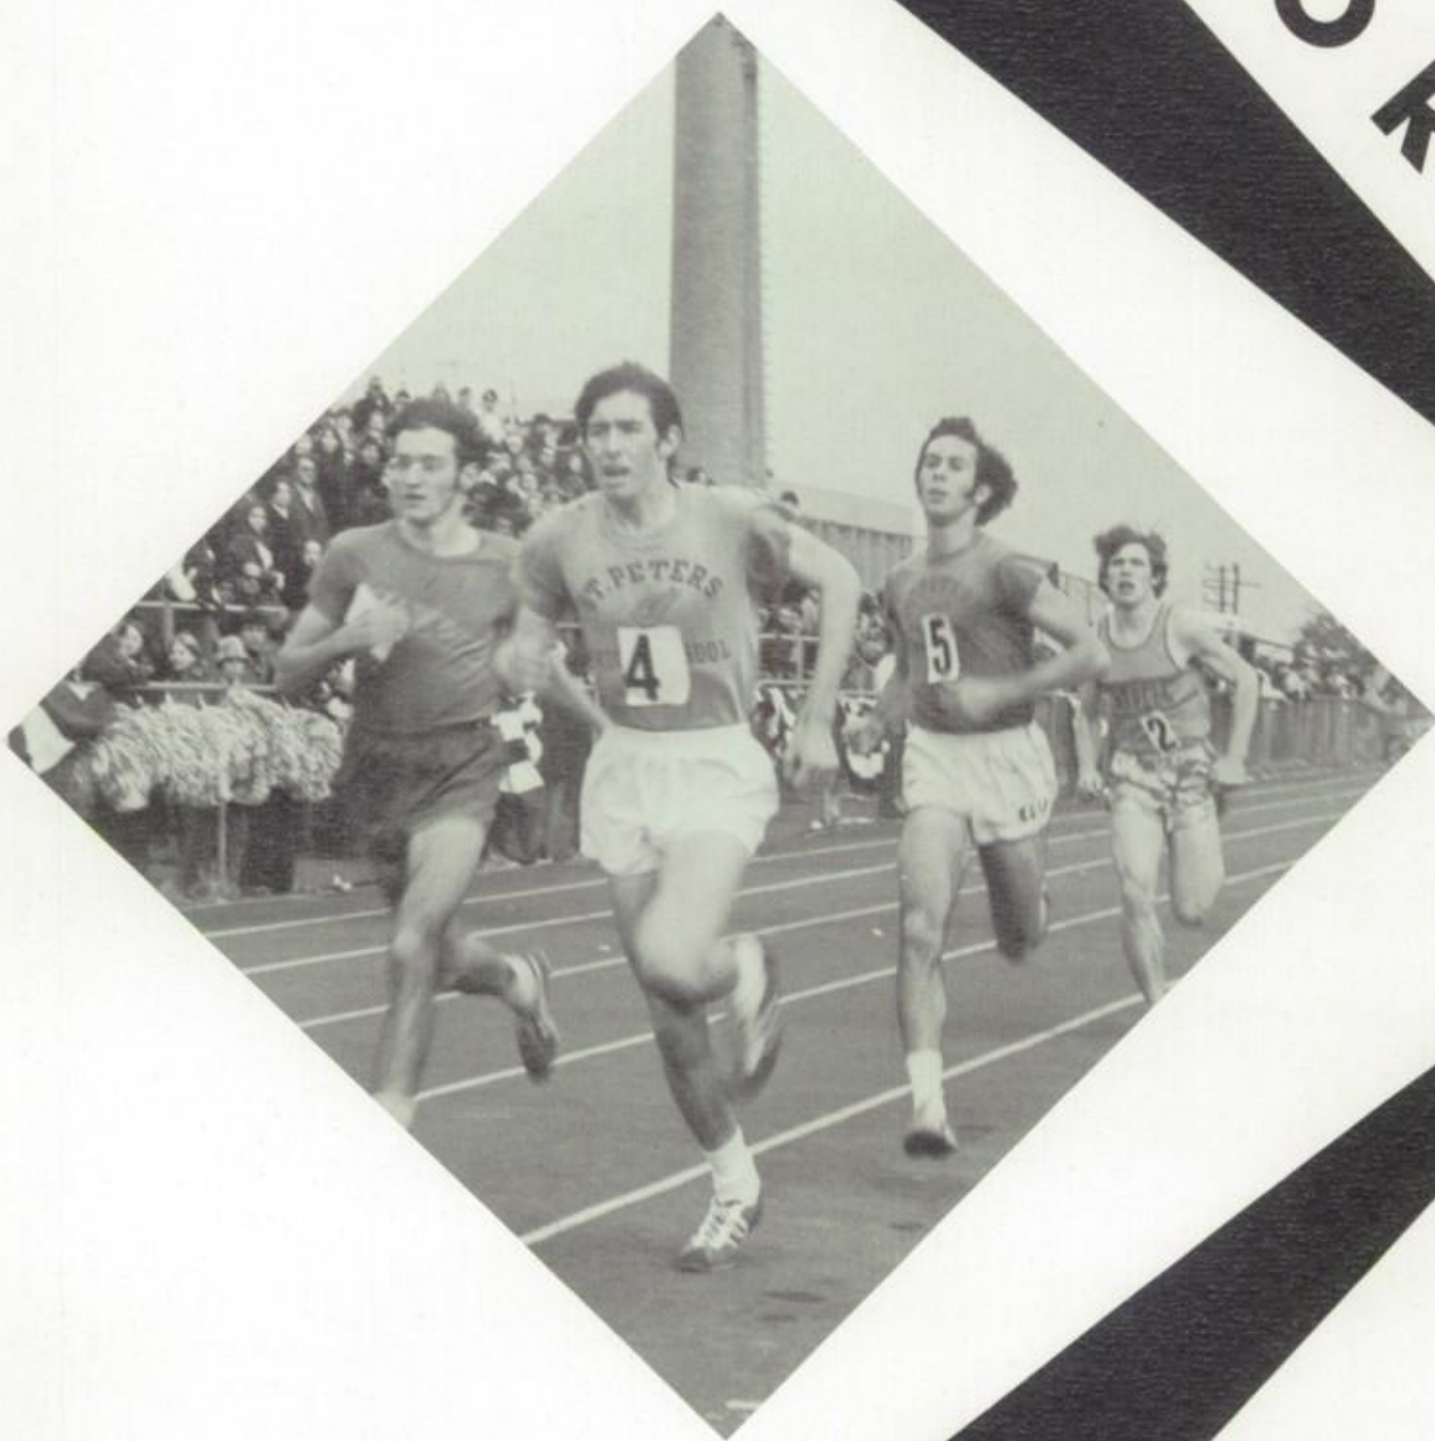

For those who choose this course the mysterious aura of computers disappears as each student learns to figure out his own program, draw a flow-chart, type his own tape, and, finally, the moment of truth as the program is fed into the computer—well, as the teacher wryly says, "The only thing that can be hurt is your pride."

The machinery in the school is a small teletypewriter. However, this is connected by telephone lines to a "real live computer", and, as the students soon find out, this computer is extremely courteous, exactly obedient, amazingly quick, but without any imagination or insight. Many a frustrated student mutters to himself, "But I meant to do that . . ."

Student programs include applications mathematics and science as well as data-processing problems. The mythical but diversified "Peters' Products, Incorporated" does all kinds of billing, payroll and inventory; in mathematics, tables of values are readily produceh; and in statistics, means and standard deviations are obtained from stored data. The main language used is BASIC, although the students also do a couple of programs in FORTRAN and several in a simulated machine language. In the final marking period each student submits a report consisting of a more complicated program requiring at least some originality.

JOHN "COOTSIE" ENGLES

During the past four years at St. Peter's there has been one student who has literally stood out above the rest. John Engles, better known as "Cootsie" has led St. Peter's to four SIHSL titles and has put St. Peter's on the map in the realm of the basketball world. The powerful 6'8" center has been acclaimed by all to be the best ever to play on Staten Island. He holds the record for the all time high scorer, and is currently being sought by hundreds of colleges across the nation.

Among the honors given to John Engles are, three time Staten Island All-Star, three time New York Daily News All-Star, selected the MVP of the Virginia Tournament, and being selected to the country's All American Team. To top off as what can only be described as four stupendous seasons, John has become the first player in the history of high school ball to win the coveted Warren Jacques trophy twice.

And so now we the yearbook staff on behalf of the entire Senior Class, salute John Engles, wish him luck in his college career and say THANKS for making our four years at Saint Peter's memorable ones.
